## Terms and Conditions

I require all students to pay for the term in full. This cost will vary depending on the length of the term. However if you are new to the class I offer a taster session for £10. If you like the class and wish to continue then payment for the remainder of the term is due. Once the term has been paid for, I am unable to offer a refund or to carry fees over to the following term.

If I have to cancel the class, then I will offer an additional class/classes free of charge.

I will endeavor to ensure that you are not exposed to unnecessary risk during this course, but the responsibility for participating in any exercise or individual activity rests with you. It is important that you inform me of any relevant medical condition you have. Before starting any exercise programme it is vital you discuss any medical concerns with your GP and confirm with them that your chosen exercise course is safe for you. If any problems arise during this course please seek medical advice and inform me, as you may need to complete a new form.
